1. WELCOME TO ARBTRACK

Welcome to ArbTrack, a Registered Training Organisation (RTO 41047) based in Hallam, Victoria. We provide nationally recognised training across the Arboriculture and Electrical Supply Industries. Our training combines classroom instruction with real-world, hands-on field experience to prepare you for industry roles safely and effectively.

MESSAGE FROM THE CEO

The arboriculture and powerline clearance industries present unique, highly skilled—and at times, highly dangerous—situations. When not managed correctly, these situations can result in serious injury or even death.

At ArbTrack, my goal has always been to deliver the highest quality training possible. We do this by engaging expert trainers and assessors, and by ensuring our content reflects the latest industry practices. I believed then, and still believe now, that education is the most powerful tool we have to improve safety—for arborists, for clients, and for the wider community.

I am equally passionate about supporting arborists in building a recognised and respected career. This industry has evolved thanks to the tireless efforts of skilled professionals who have honed their craft to deliver the best outcomes for trees, for clients, and for themselves.

It is a pleasure to welcome you to ArbTrack Australia. I trust your learning experience will be of the highest quality, professionally enriching, and directly applicable to your work. Together, we'll support your journey on the path to becoming a confident, capable, and safe professional in arboriculture.

Lee Merrifield, CEO

ACCESS, EQUITY AND A POSITIVE EXPERIENCE

ArbTrack is committed to providing every learner with a welcoming, inclusive and supportive training environment. We recognise that all learners have the right to access quality education regardless of their background, personal circumstances, or previous learning experiences.

- **Access:** We offer flexible delivery methods and support services to remove barriers to learning. This includes access to reasonable adjustments (where applicable) and support for those with learning needs or personal challenges.
- **Equity:** ArbTrack actively promotes fairness and equal opportunity. We do not tolerate discrimination or harassment on the basis of race, gender, age, disability, sexual orientation, religion, or cultural background.
- **Positive Experience:** Your learning experience matters. We work hard to create a safe and engaging environment where students feel respected, supported, and confident in their learning journey. Trainers and support staff are approachable, industry-experienced, and committed to your development.

If you feel you are not receiving equitable access or require additional support, please speak to your trainer or contact our support staff. We are here to help you succeed.

CONTACT US

We are here to assist you throughout your entire training experience. Our support staff are available by phone or email between **8am – 4pm (Monday – Friday) EST**

- (03) 9707 5602 or 1300 583 146
- enquiries@arbtrack.com.au

Your trainer will provide their contact number, for when you are out in field undertaking practical training.

2. TRAINING AT ARBTRACK

Training Site

Conveniently located in Hallam, in Melbourne's vibrant South Eastern suburbs, ArbTrack is just a 5-minute drive from major arterials including the Monash Freeway and South Gippsland Highway, and a short walk from Hallam Train Station.

We offer free and ample on-street parking, spacious classrooms, dedicated breakout rooms, and full kitchen facilities — everything you need for a comfortable and productive learning environment. We aim to make your time with us feel professional, welcoming, and just like a second home.

Training at your Workplace

ArbTrack offers flexible off-site training and assessment services, including regional and remote delivery at your employer's worksite. This approach supports convenience, minimises downtime, and allows training to take place in real, familiar environments — using your own equipment and procedures.

By coming to you, we help reduce travel time and keep your teams on-site while still meeting all training and assessment requirements. Prior to delivery, we'll coordinate with your employer to ensure the site meets safety and suitability standards.

Trainers will complete site inductions and risk assessments, and all students are expected to follow ArbTrack's policies, including PPE and assessment conditions.

Practical Training

Once theory is complete, it's time to put those skills into practice, be ready to travel to nearby sites for your practical assessment. These locations will be disclosed to you at the time of booking, you must bring all required PPE and follow ArbTrack's safety and conduct policies at all times.

Delivery Modes

Face-to-face: ArbTrack delivers all courses and qualifications primarily via face-to-face delivery due to the practical nature of the training and equipment used, this also allows you to demonstrate your skills in real or simulated work settings.

Online: A small number of units and modules are available to be undertaken online, under the following stipulations:

- For reaccreditation only
- Where no practical demonstration is required
- Where the assessment has a non-accredited outcome (Certificate of Completion)

Please contact us for further information about whether this would be suitable for you.

Course Duration

ArbTrack offers a range of short courses, reaccreditation training and qualifications, we can also customise a course specific to your needs and contractual obligations. Training is structured and paced in line with the Australian Qualification Framework (AQF). Depending on the course and your skill and experience level you can expect the following timeframes to apply:

- Annual reaccreditation training – Half to 1 full day
- General Reaccreditation – 1 – 3 days (depending on the number of units or course)
- UET Certificate II in ESI (Powerline Vegetation Control) – 8 – 10 days
- AHC Certificate III or Diploma of Arboriculture – 14months – 24months
- Customised Training – dependent on location and training requirements

LEARNING APPROACH

At ArbTrack, we believe in learning by doing. Our training is hands-on, practical, and designed to reflect the real challenges and environments you'll face in the field. Whether at our site, your workplace, or in a simulated setting, we aim to replicate authentic industry conditions to build your confidence and capability.

All of our trainers are experienced industry professionals who bring real-world knowledge to the classroom. They don't just teach the theory — they demonstrate it in action, guide you through practical tasks, and share insights from their time on the job.

This approach ensures our students are job-ready, safety-conscious, and well-prepared for the demands of the arboriculture and powerline clearance industries.

Understanding Competency Based Training

ArbTrack delivers training using a competency-based model. This means you are assessed on your ability to demonstrate the skills and knowledge required to perform specific tasks to industry standards — not on how long it takes you to get there.

You'll be given opportunities to learn, practice, and then be assessed when you're ready. Competency-based training recognises that everyone learns differently and brings different levels of experience. If you already have relevant skills, you may progress more quickly; if you need more time or support, that's okay too.

The goal is to ensure you're fully competent — confident, skilled, and safe

3. ENROLMENT INFORMATION

How to Enrol: If you have been enrolled by your employer, we will contact you regarding your enrolment and request that you complete the following:

- Candidate Registration Form
- Language, Literacy and Numeracy Assessment (LLN)

These can be easily completed digitally on a compatible device, or we can send you a copy to print and fill in if you prefer.

Entry Requirements:

- Minimum age: 16 years (18+ for High Risk Work licensing, must also reside in Victoria)
- Must be currently employed or have prior industry experience
- Fit for high-risk work (physical capacity, vision/hearing, English proficiency)

USI Requirements

All students must provide a verified Unique Student Identifier (USI) before any certification is issued.

4. RECOGNITION OF PRIOR LEARNING (RPL) & CREDIT TRANSFER

Credit Transfer

If you have completed units of competency through another Registered Training Organisation (RTO), you may be eligible for credit transfer. This means you won't need to repeat the same unit if it is equivalent to one offered by ArbTrack. To apply, you'll need to provide:

- A certified copy of your Statement of Attainment, Testamur or Record of Results from another Australian RTO, or
- An authenticated and current VET transcript from the USI Registry.

Important Note:

- *High-risk work licences* are not accepted as evidence for credit transfer, as they do not meet the competency evidence requirements of the AQF or the unit of competency standards.
- Current USI transcript means it must be generated at the time of enrolment.

Credit Transfer applications can be made during enrolment or at any time during your course. We will review your evidence and notify you (or your employer) of the outcome in writing. If granted, the credit will be applied automatically to your student file, and you won't need to complete the unit again.

Recognition of Prior Learning (RPL)

ArbTrack recognises that some students may have acquired skills and knowledge through work, life experience, or previous study. However, due to the high-risk and practical nature of the courses, ArbTrack **does not** offer a formal RPL pathway.

Instead, students with prior experience may be eligible for *modified training delivery*. This may include:

- Reduced training duration
- Opportunities for early assessment
- Focused skill development in new areas

You can request modified delivery by submitting evidence such as a resume, references, work photos, logbooks, or previous Statements of Attainment. All students—regardless of experience—must still demonstrate competency through the same practical and knowledge assessments

5. STUDENT RIGHTS & RESPONSIBILITIES

At ArbTrack, we aim to create a positive and respectful learning environment for everyone. As a student, you have responsibilities to contribute to this environment, as well as rights to ensure you are supported, safe, and treated fairly. The following table outlines what is expected of you and what you can expect in return.

I Must	I Must Not	I Have the Right To
✓ Participate actively and safely in training	✗ Disrupt classes or behave disrespectfully	☺ Learn in a safe and inclusive environment
✓ Follow trainer instructions and safety rules	✗ Attend class under the influence of drugs or alcohol	☺ Be treated fairly and with respect
✓ Wear required PPE during all practical sessions	✗ Plagiarise or cheat in assessments	☺ Receive support for my individual learning needs
✓ Notify ArbTrack of any special support needs	✗ Use unsafe or unapproved equipment	☺ Access accurate and timely information
✓ Submit my own, original assessment work	✗ Harass, bully or discriminate against others	☺ Appeal assessment decisions and lodge complaints
✓ Respect staff, students, and property	✗ Ignore site safety procedures or policies	☺ Receive recognition for prior learning and experience

6. SUPPORT SERVICES

At ArbTrack, we are committed to supporting your success through practical, flexible, and inclusive training support. If you need help at any point during your course, our team is here to assist you.

Academic & Trainer Support

- You can contact your trainer or our admin team via phone, email, or in person during business hours 8am – 4pm (Monday–Friday).
- Trainers are experienced industry professionals who offer real-world guidance, mentorship, and ongoing support throughout your training.

Flexible Delivery

- Training may be adapted to suit your schedule or workplace needs.
- We deliver training in various locations and are flexible with where practical delivery occurs.

Language, Literacy and Numeracy (LLN)

- An LLN assessment is completed at enrolment to help us identify any additional support you may need.
- If LLN support is required, we may provide additional tutoring, extra time in assessments, verbal assessment options, or referrals to external services.

Digital Literacy

- Only basic digital skills are required (e.g., using email, accessing a link, or submitting forms online).
- If you are unable to complete digital tasks (and are not completing an online or Certificate III program), we can provide paper-based alternatives.

Reasonable Adjustment

If you have a disability, medical condition, or other barrier to participation, we will work with you to make reasonable adjustments—provided they do not compromise safety or assessment outcomes.

If you're unsure whether support is available for your situation, speak with your trainer or contact our admin team.

7. FEES & CHARGES

ArbTrack delivers most of its training on a fee-for-service basis. You'll be advised of all course costs before you enrol, either through our marketing materials, your employer, or a direct enquiry.

For Individual Students

- You will never be asked to pay more than **\$1,500** in upfront fees before training starts.
- If your course fee is more than \$1,500, the balance will be due on the first day of training.
- Your place in the course is not confirmed until payment is received.
- A **24-hour cooling-off period** applies after full payment or signing the training agreement (whichever comes first). During this time, you can cancel and receive a full refund.

For Employers and Funded Enrolments

- Employers booking staff must pay the full fee as per invoice terms (usually **7 days** before course commencement).
- Some courses may be supported by state government funding. Any funded enrolments will be clearly identified.

Payment Methods

We accept:

- Direct bank transfer (preferred) or Credit Card
- Purchase order (for employers only, by prior arrangement)

CANCELLATIONS AND REFUNDS

- A full refund is available if you cancel at least **5 business days in writing** before the course starts.
- If you cancel with less than 5 days' notice, no refund is given — but you may **reschedule once** within 12 months.
- If ArbTrack cancels or reschedules a course, you will be offered a new date or full refund.
- No refunds are given for '**no-shows**'.

If you have any questions about your fees or payment options, contact our administration team before your course begins.

8. STUDENT SAFETY & WELLBEING

At ArbTrack, your safety and wellbeing are our highest priorities. We operate in high-risk environments and it's important that all students understand and follow safety procedures.

- **Risk Assessments and Safe Environments**
- Before any training session—especially practical tasks—a **Job Safety Assessment (JSA)** or **Risk Assessment** will be completed to identify any site-specific risks and how to manage them.
- First aid kits and emergency communication equipment are available at all training locations.
- Sites used for practical training are regularly inspected for safety, and trainers will check each site again on the day of training.
- You will be inducted into the safety requirements and site-specific access limitations before you begin any practical work.

Student Safety Responsibilities

- You must be in a **fit state for work** when attending training. This means being physically and mentally able to participate safely.
- If you're feeling unwell or unsafe at any time, notify your trainer immediately. You will never be forced to participate if you're not safe to do so.
- If a trainer believes your participation could pose a risk to you or others, you may be temporarily stood down until further review.

Personal Protective Equipment (PPE)

- Students are required to bring their own **PPE and climbing equipment** (if applicable). All equipment must meet **current industry safety standards**.
- Your trainer will inspect all PPE and climbing gear before it can be used in training or assessment.

Practical Assessments and High-Risk Tasks

- All practical assessments include a pre-activity safety check. These assessments may involve working at height, using chainsaws, or other high-risk tasks.
- Trainers will ensure that emergency response plans are in place and that the activity meets all safety standards.

Support for At-Risk Students

- If you are dealing with fatigue, stress, injury, or other wellbeing concerns, let your trainer know. We may offer support such as deferring assessments or liaising with your employer.
- Your privacy will be respected and handled in line with our Privacy Policy.

What You Need to Do

- ✓ Always follow safety instructions from your trainer.
- ✓ Use the correct PPE for the task.
- ✓ Speak up if you feel unsafe, unwell, or unsure.
- ✓ Report any incidents, near misses, or hazards to your trainer.

STUDENTS UNDER 18 YEARS OF AGE

ArbTrack welcomes learners from the age of 16 (once approved by management) and is committed to ensuring the safety and wellbeing of all students, including those under 18. The following policies and procedures apply specifically to students who are minors:

Minimum Age Requirement:

- Students must be at least 16 years of age to attend any training or assessment activities.
- Students wishing to undertake High Risk Work (HRW) Licencing (e.g., WP EWP) must be at least 18 years old, as mandated by WorkSafe Victoria.

Parental and Employer Involvement:

- If a student is under 18 and has been enrolled by an employer, ArbTrack maintains open communication with parents/carers and/or the workplace supervisor as appropriate.
- Employers must notify the RTO at the time of booking if a candidate is under 18 so child safety procedures can be enacted.

Child Safety Commitments:

- ArbTrack follows the *National Principles for Child Safe Organisations* and has clear procedures to create a safe learning environment across all delivery modes—face-to-face, practical and online.
- Staff involved in training minors are required to hold a valid Working With Children Check (or equivalent), and receive child safety training during induction and team meetings.

Supervision and Safety:

- Risk assessments are conducted with additional considerations for students under 18.
- Trainers are instructed never to be alone with a student under 18 unless it is unavoidable and must be recorded.
- All concerns or disclosures related to safety are to be reported immediately to the RTO Manager or CEO and managed in accordance with ArbTrack's incident reporting procedures.

Student Support and Participation:

- Students under 18 are informed of their rights and who to contact if they have a concern during course orientation.

For more information or if you are under 18 and have questions about your course, please speak with your trainer or contact the RTO Manager directly.

DIVERSITY, INCLUSION & WELLBEING

ArbTrack is committed to creating an inclusive, respectful, and supportive learning environment where every learner is valued. We embrace diversity and uphold the right of all students to access high-quality training regardless of background, identity, or personal circumstance.

Discrimination and Harassment

Discrimination, harassment, and bullying have no place at ArbTrack. We actively promote a safe learning environment free from:

- Unlawful discrimination (e.g. race, gender, disability, age)
- Sexual harassment or unwanted behaviour
- Bullying or intimidation
- Vilification or victimisation

All staff and learners are expected to respect others, behave professionally, and speak up about any inappropriate conduct.

Complaints or concerns can be reported through informal channels or via our formal *Complaints and Appeals* process. All reports are treated confidentially and without victimisation.

Wellbeing and Support

Because ArbTrack specialises in high-risk training environments, your physical and psychological wellbeing is a top priority. We define wellbeing as the ability to safely and successfully participate in your training and assessment activities.

If needed, we may work with your employer to ensure additional support is provided.

If You Need Help

Let your trainer or ArbTrack staff know as early as possible if you require support. We will respect your privacy and help you explore available options such as:

- Modified training plans
- Additional time
- Reasonable adjustment (where safe and compliant)
- Referral to appropriate support services

We encourage all students to ask questions, seek support, and be active participants in their learning journey.

9. COMPLAINTS & APPEALS

ArbTrack encourages feedback and is committed to resolving any complaints or appeals in a fair and timely manner. If you are not satisfied with a service, staff conduct, assessment outcome, or another decision, you are entitled to raise a concern without fear of disadvantage.

How to Make a Complaint

- Submit your complaint in writing to the CEO within 10 working days of the issue.
- You may include any relevant information and bring a support person if needed.
- ArbTrack will acknowledge your complaint within 2 business days and aim to resolve it within 5 working days.

Appealing a Decision

You may appeal decisions related to:

- Assessment outcomes
- Enrolment suspension or cancellation
- The outcome of a complaint

To appeal:

- Submit a written appeal within 10 working days of the decision.
- You'll be invited to a meeting to discuss the issue. A final outcome will be provided in writing.

External Appeals

If you are not satisfied with the internal outcome, you may access an external and independent resolution process via the *Resolution Institute's Student Mediation Scheme* — this is free for students.

Confidentiality and Support

All matters are treated confidentially and respectfully. You will not be disadvantaged for lodging a complaint or appeal.

For full details or assistance, contact your trainer or the RTO directly.

10. CERTIFICATION

ArbTrack issues certificates in line with the Standards for NVR Registered Training Organisations 2025 and accompanying Compliance Requirements. Depending on the type of training you complete, you may receive one of the following:

1. Statement of Attainment or Qualification (Accredited Training)

You will receive a formal certificate (AQF Qualification or Statement of Attainment) when:

- You have been assessed as *competent* in all required units.
- You have provided a verified **USI** (Unique Student Identifier).
- All fees have been paid or an approved payment plan is in place.

These certificates are nationally recognised and will be emailed to you within **2 business days**, or up to **30 calendar days** where processing is delayed. Printed copies are available on request.

2. Certificate of Completion (Non-Accredited Training)

If you complete a short course or internal training that is **not nationally accredited**, you will receive a **Certificate of Completion**. This recognises your participation and effort but does **not** represent a formal qualification. Certificates of Completion are typically provided via email after training.

In both instances, where an employer has enrolled an employee on their behalf, they will also receive a copy of the certificate/s.

Reissuing Certificates

If you misplace a certificate (accredited or non-accredited), you can request a replacement by contacting ArbTrack. We'll verify your details before reissuing the document by email.

11. FEEDBACK & IMPROVEMENT

At the end of your training, you'll be invited to complete a short feedback form or survey. This is your chance to share what worked well, what could be improved, and anything else you'd like us to know about your experience.

We use student feedback to:

- Improve training delivery and materials
- Support our trainers and assessors
- Make your learning environment even better

All feedback is welcome — positive or constructive — . If something urgent comes up during your course, don't wait! Speak with your trainer or contact the RTO directly.

12. PRIVACY & CONFIDENTIALITY

Your Information

ArbTrack is committed to protecting your personal information in line with the *Privacy Act 1988*. We only collect information necessary for your training and assessment and keep it safe and secure. This includes your name, contact details, USI, date of birth, and any information relevant to your enrolment or licensing course.

Accessing Your Records

You can request access to your student records (such as certificates or academic history) at any time by contacting ArbTrack. We'll ask for some details to confirm your identity before providing details.

When Employers Can Access Records

If your employer has enrolled and paid for your training, they may be given access to records such as your attendance, completion status, or certification—unless you advise us otherwise in writing.

Media Consent

Photos or videos taken during training may be used for promotional or educational purposes, but only with your written consent. You can opt in or out during your enrolment process or by contacting us directly.

Third-Party Access

We do not share your personal information with third parties unless:

- Required by law, or
- You give us written permission.

For example, your information may be shared with:

- WorkSafe Victoria (for licensing),
- The National Centre for Vocational Education Research (NCVER), or
- Government funding bodies.

If you have questions about your privacy or wish to change your consent, please contact the RTO directly.

13. CHANGES TO TRAINING, OWNERSHIP OR RTO OPERATIONS

ArbTrack is committed to keeping students informed about any important organisational changes that could affect your training. These changes might include:

- A change to the training you are enrolled in (e.g. if the course is replaced or updated)
- Changes in ownership or leadership of the RTO
- Relocation of training venues or delivery methods
- Teach-out periods for superseded or expired training products

If your training product is replaced or no longer offered, ArbTrack will ensure you are either able to complete your training within the allowed timeframe or provided with support to transition to a new course.

Should ArbTrack undergo any significant change—such as changes in ownership or if it is no longer able to deliver training—we will notify affected students as soon as practicable and outline your available options.

You will always be supported to continue, complete, or transfer your training where possible.

APPENDIX A - STUDENT SUPPORT SERVICES DIRECTORY

At ArbTrack, we know that successful learning doesn't happen in isolation. Sometimes life outside of training can create challenges — whether it's stress, job pressure, health concerns, or learning difficulties.

We've compiled a list of trusted national and state-based support services that are free or low-cost and available to help you when you need it. Whether you're looking for personal support, study assistance, legal advice, or mental health services, there's always someone you can reach out to.

APPENDIX B – GLOSSARY OF TERMS

AQF

Australian Qualifications Framework – the national system for recognised training and qualifications in Australia.

Assessment

The process of determining if you have the required skills and knowledge to meet the outcomes of a unit of competency.

ASQA

Australian Skills Quality Authority – the national regulator for RTOs.

Competency-Based Training

A training model where you must demonstrate specific skills and knowledge to a set standard, regardless of time taken.

Credit Transfer

Recognition of equivalent units you've already completed through another RTO.

High Risk Work (HRW)

Work involving significant safety risks, such as operating EWP or working at heights. Requires specific licensing.

JSA / Risk Assessment

Job Safety Analysis – a structured assessment of site-specific hazards and control measures prior to work.

LLN

Language, Literacy and Numeracy – basic reading, writing, speaking and maths skills needed to participate in training.

Nationally Recognised Training

Accredited training that leads to formal certification, such as a Statement of Attainment or Qualification.

Non-accredited Training

Training that does not lead to a nationally recognised qualification or unit of competency.

PPE

Personal Protective Equipment – safety wear required for practical training, such as head, eye and hearing protection.

RPL

Recognition of Prior Learning – assessment of skills and experience gained through work or other learning.

RTO

Registered Training Organisation – a provider authorised to deliver nationally recognised training.

Statement of Attainment

A certificate issued when you complete one or more accredited units but not an entire qualification.

Transition

The process of moving from a superseded course to a new version, ensuring your training remains current.

USI

Unique Student Identifier – a government-issued number required for all nationally recognised training.

This image shows a blank sheet of white paper with horizontal ruling lines. The lines are evenly spaced and extend across the width of the page. There are no margins, text, or other markings on the paper.

ARBTRACK

AUSTRALIA

The logo for ARBTRACK AUSTRALIA features the text 'ARBTRACK' in a large, dark blue, serif font, with 'AUSTRALIA' in a smaller, dark blue, sans-serif font centered below it. Two stylized green leaves, one above the other, are positioned below the text, extending from the left side towards the right. The leaves have a light green color with darker green veins and small brown spots, suggesting a natural or environmental theme.
